# AFD Group in Eurasia

The Eurasia Regional Office, based in Istanbul, covers 16 countries from the Western Balkans to Central Asia, including Turkey, the South Caucasus and Eastern Europe.

## REGIONAL CHALLENGES

Stretching from the borders of the European Union to the heart of Asia, the area covered by the Eurasia Regional Office is characterised by its vast geographical scope and diverse socio-economic contexts. The countries of the region face the immense challenge of combating climate change (decarbonising their economies) and adapting their fragile areas to the effects of climate change (drought, threatened natural resources, etc.). They also need to take account of major demographic changes and remedy persistent social inequalities.

Eurasia is of particular importance in terms of the strategic challenges of convergence towards EU standards, connectivity (energy, transport), the environment (water, exceptional biodiversity) and crisis management (climate and security).

# AFD Group Strategy in Eurasia

THE AFD GROUP SUPPORTS THE COUNTRIES OF THE REGION IN THEIR EFFORTS TO COMBAT CLIMATE CHANGE AND ADAPT TO ITS EFFECTS.

THE FOCUS IS ON A SUSTAINABLE AND RESILIENT ECONOMY AND THE CONVERGENCE OF ENVIRONMENTAL, SOCIAL AND GENDER PUBLIC POLICIES TOWARDS EUROPEAN STANDARDS.

## OUR MAIN FOCUSES

- Support energy transition
- Improve governance and social balance
- Promote sustainable cities
- Encourage sustainable agriculture and the protection of biodiversity
