

for Feminist Organizations

OUR ACTIVITY

The FSOF is a financing tool for feminist organizations The Support Fund for Feminist Organizations (FSOF) was launched

in 2019 and is a flagship initiative for French feminist foreign policy. It is jointly managed by the French Ministry for Europe and Foreign Affairs and AFD, in consultation with civil society. Three financing channels adapted

Ambitious objectives

and administrative capabilities of feminist civil society organizations in France's partner countries To support organizations that do not have access to financing

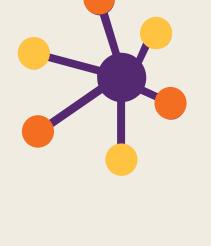

To reduce gender inequalities by

boosting the technical, financial

dialog based on mutual trust To broaden networks,

To co-construct through inclusive

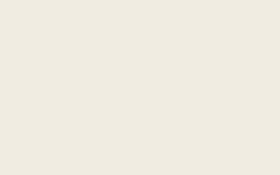

between feminist groups

collaborations and synergies
